### A hidden Paradise - Straddie & the best tour operators

Review of North Stradbroke Island WILDLIFE Adventure Tour from Brisbane

This was one of the best experiences I have had amongst day trips in Australia. Ross made the trip so much memorable, joyful & comfortable. I was elated to spot so many animals (turtles, manta rays, dolphins, kangaroos, Goanna & Koala) on that day. He was extremely knowledgeable & provided us a constant supply of water as it was a very hot day. The island was beautiful. The brown lake for me was the highlight. I have never seen something like that in my life. Thanks to the company for making our first trip to Straddie so much memorable.

**RIO**

Seeing the smiles on our customers' faces truly is the highlight of my career! I've been working for HTRT across VIC and QLD for a few years, and I'm often asked if I ever get bored of seeing same sceneries. My answer is always a resounding no! Every day, I meet new people, hear fascinating stories, have wonderful conversations and share mine journey as a tour guide. These experiences make my job anything but boring, and I believe this embodies the core values of HTRT.

**KATIE**

I've been with HTRT for a few years now, and it's been such a fun adventure! What started as a casual gig turned into a true passion. Being part of this awesome team, with leaders who really listen to us, feels like one big happy family. And the best part? My office is Stradbroke Island - my little slice of paradise! I absolutely love sharing this beautiful spot with our clients and making them feel like they're part of our incredible family. Honestly, I couldn't be more grateful!

**NEIL**

I love telling stories about Australia and discovering other folk's stories while driving through amazing landscapes.

Hit The Road Tours allows me to do all this, sharing stories, landscapes, and wonder; it's so rewarding.

**MARTY**

Driving for HTRT is an absolute joy! We have several buses on the road daily with multiple drivers out exploring at the same time and working as a team, sharing tips about the best sights to see, helping each other and off course always having a laugh along the way. It's a great environment to work and wonderful to know that, even out in the beautiful landscape, I'm never really alone. Having supportive colleagues makes every drive enjoyable, and that sense of teamwork truly enhances the experience.

**MARIA**

I started with Hit The Road Tours in September 2024 and it's been an amazing journey ever since. Combining my love for tourism, travel, and Australia, I've found my perfect match! I'm thrilled to be part of such a wonderful team, where my role of promoting customer happiness on social media is as rewarding as it is fun (bonus: I get to share the beauty of Australia all day long!). Can't wait for more adventures with this incredible team!

**BRENDO**

Hi my name is Brendo, we like to put an "O" on the end of our names here in Aussie. I love day touring as every tour is different from yesterdays tour... And no 2 tours are the same, that's why I love touring. So come touring with HTRT and look out for Brendo I assure you will be in for a treat and full of surprises. As I always think out of the "BOX". Cheers.

PATRICK

I've been showing guests this great southern land for more than a decade and I'm now proud to do it with HTRT. I've been with them since 2024 and love seeking out a memorable experience for my passengers. It's the people from all over the world that makes this job for me, each tour is different because of you. Mix in wild animals and dynamic weather, and you'll see why I have just as much adventure and fun as my passengers.

PATRICIA

I have been a guide with Hit the Road Tours (HTRT) for at least two to three years. It is a privilege working as a guide at HTRT and I ensure to make every visitor's experience unforgettable. This includes making them feel welcomed, providing insightful information about the sites, and enjoying the atmosphere of one of the world's amazing environments. For me, meeting people from all parts of the world is fantastic and interesting – it is fun to share every tour as though it is my first adventure also. HTRT is a wonderful organization to tour with and to work for!

WAYNE

This job is great, as I get the opportunity to meet new people each week, from all over the world, and have the opportunity to engage with them and find out their story.

I enjoy regaling stories and supplying information about our amazing scenery and views along the way, on our tour, and enjoy the banter.

A great sense of accomplishment for me is when the guests on my bus are ecstatic with their experiences for the day, and take home great memories.

JIMMY

I've been a driver for more than 25 years and a tour guide with HTRT for over 2 years. It's been a really great experience with a company that's very well organized. I love getting to share my passion for travel and history with others, while meeting people from all over the world.

ANN

Hit the road .. as the name suggests.. with one of the dedicated tour guides & you will see some of the most majestic coastline that erosion has formed & history, relevant commentary, a joke or two to go with it.

I enjoy the small group tours, as it gives everyone on the tour the opportunity to meet & greet on a much more personal basis & we all chat & lookout for each other throughout the day. It's usually a lovely atmosphere on the tour, we wish we didn't have to say "goodbye" at the end of the day

VALERY

I immensely enjoy working with Hit The Road Tours. Our tour operator and staff run the whole show like a well oiled machine . The reverse tour of the Great Ocean Road being an ingenious site seeing plan . After being a driver/guide for HTRT three years I cannot see myself getting sick of what I am doing.

SAM

Being a guide for the great ocean road is one of the most rewarding jobs I've ever had, being there while people are making memories they will carry with them for life is what drives me to putting in everything I can to make it a truly remarkable experience for my guests. There's no place like the great ocean road, with an abundance of lookouts, views and landmarks, it's a full day of amazing experiences stacked on even more amazing experiences
